Pillow Fight

So I just wrote a funny little idea I had in my mind. POST HTTYD 2 (SPOILERS). So here we go.

"Hiccup, come clean your room" Valka yelled from upstairs

Sure, Hiccup could be downstairs eating or playing with Toothless, but no he was with Astrid ready to go out for a date. "Looks like the big boy got to go clean his room" Astrid joked

"What, Mom I'll do it when I come back" Hiccup responded

Out of his room came an angry Valka, she walked downstairs, and got Hiccup from his left ear. "Ohhhohhoahhhh, Mom let go of my ear" Hiccup said as he was being taken to his room.

She threw him inside and Hiccup lifting his right hand said "Not letting the Chief out, there will be consequences"

"I'll take my chances, now clean you room" said Valka as she closed the door.

As Valka was walking to her room, she heard giggling downstairs. "Astrid, you want to help" Valka said

"No mam" said Astrid stopping her giggles.

Astrid stayed downstairs for a while when she heard Hiccup yell "ASTRID COULD YOU COME UP HERE"

Being the girlfriend she is she went upstairs and opened the door, being hit by a pillow. "HICCUP" yelled Astrid "Oh you'll see great dragon master"

Hiccup and Astrid got each a pillow and started to fight. Toothless coming from outside heard screams and went upstairs being stopped by Valka. "Oh, Alpha just don't. It's cute seeing young love"

Toothless stopped and followed Valka downstairs "Here you go, some fish" she said taking a bucket out.

Meanwhile In the room, Hiccup and Astrid were still fighting. "Hiccup, I'm going to tear you down" Astrid said hitting him in the arm

"Hey, no you're going down" Hiccup said hitting Astrid on her leg.

"Woahhh" she said slipping on one of Hiccup's old shirt, hitting her head on against the table and floor.

"ASTRID" Hiccup yelled going next to Astrid "Astrid can you hear me"

He started shaking her, but she wouldn't respond. "Astrid" he said moving her bangs "This isn't funny anymore"

Hiccup started to get a little worried but was then hit in the head by a pillow. "Astrid" he said

"Hahaha, that was just wow"

"Don't do that, you nearly scared me to death"

"But I didn't "

"Yes you almost did"

"Well, at least I'm here now to give kiss you to death" she said kissing him multiple times

"Astrid stop, I have to clean my room"

"Now you do, wow you change fast, okay bye" she said standing up and walking out

"Seems, that you did help" Valka said as Astrid came downstairs

"Well, I actually undid his bed and started a pillow fight do yeah, I did help"

There we go, that was my bizarre idea. I have a feeling he does have a messy room due to the point that it was a man house for twenty years. Review, Fav, and Follow. GOD BLESS YOU.
